Dear Madam / Sir,

Let us greet you on behalf of the management company Export Alliance for Strategy Technologies /EAST z.p./ which was established in close cooperation with professional associations of the Slovak Republic.

This is a business association of producers, exporters and investors, which aims to foster economic prosperity in the Slovak Republic. It is a nongovernmental, nonprofit organization of the third sector - an alternative to the state sector, where the interests in question and the main objective is to promote exports of strategic technology manufacturers and their end products, support trade and production cooperation with foreign companies as well as support for capital and technological investments in both directions.

The term strategic technology means any technology, machines, mechanisms, and various technical equipment to its superior quality can compete in the demanding international markets in different territories of the world. Slovakia is producing cutting-edge technologies in various fields of activity which are well placed to establish itself abroad, what is the purpose and object of our activities.

Company z.p. EAST closely to the competent authorities and institutions of the SR to be on his agenda promote exports and investment but also export of the large capital equipment needed for the construction and reconstruction of infrastructure in various international projects in the world. Our cooperation is also aimed at manufacturers and exporters in the SR, which can be very successful in exporting goods and services as subcontractors to help you as our cooperation partners.

EAST Party colleague as you prepare the basis for cooperation with Slovak companies which are using your service establishing themselves in foreign markets. We will ensure that exporters and investors to cooperate with you on a contractual basis to promote their interests in the country of your location.

We encourage our clients to work with you as a partner in cooperation signed a commercial contract under the Commercial Code SR, which will guarantee you profit.
